

# MUTN NORTH EAST REGIONAL SITE VISIT

January 14, 2009 10am-1pm Super Eight Hotel, Dawson Creek

Please join Laurie Ringaert, Project Director, Measuring Up The North, for a Regional Site Visit January 14, 2009 in Dawson Creek. This is an opportunity for all North East Project Liaisons, Coordinators and any interested committee members or others to have the chance to interact with each other and to interact with Laurie. Here is an opportunity to network, bring forth your ideas, to have answers to technical, policy, and funding questions answered. If your community is having difficulty getting motivated, you are struggling with an idea or you want to learn more about universally designed, age-friendly, disability-friendly communities: this is the meeting for you! We hope to include a brief site audit. We appreciate hosting of the event by Duncan Redfearn, Dawson Creek MUTN NCMA Liaison and the Dawson Creek MUTN Committee.
